

Helping your child develop mathematical skills and language

Count the stairs or steps as you climb up
1, 2, 3, 4, 5..... and down5, 4, 3, 2, 1

Numbers are everywhere. Look out together for numbers on doors and vehicles.

Talk about shapes and patterns you may see in books, on a walk, in the park e.g. *Can you see a square, rectangle, star, circle etc?*

Use descriptive words like *big* and *little* in everyday situations.

Big lorry

Little car

Use everyday objects and situations to give your child the opportunity to learn shape, position and measures language.

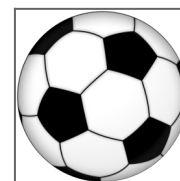

Empty

Full

Inside

Sphere

Tall

Have lots of fun learning together
